KATY PROS

HELP FINDING THE PRO YOU NEED

by meredith knight
Your One Source For Local, Pre-Qualified Service Providers

It is easy to find what you need on Katy Pros' site

It's Monday morning. You hit the alarm and swing your feet over the side of the bed where they land in a puddle of water. Looks like you'll be needing a plumber—the sooner the better. Or maybe you hop in your car Friday after work thinking of all the running around you'll be doing this weekend. You turn the key and—nothing. Anybody know an honest auto mechanic?

When the unexpected happens it can leave you feeling vulnerable, at the mercy of professionals who may or may not have your best interest at heart. Even when you have time to think things through—you're finally ready to put in that pool and outdoor kitchen. You're considering remodeling your home. You need a new computer system at the office, a photographer for a family portrait, a caterer for your Mom and Dad's anniversary party. How can you find a local service provider you know you can trust, who'll deliver what they promise and still be around long after your check is cashed?

That was the dilemma Jim Klauck faced head on in 2005 when he established Katy Pros, a division of Check A Pro. With the help of Katy Pros you never have to feel helpless again when looking for a reliable painter, dentist, courier service or massage therapist. Whether you're in need of an accountant, window tinting, a water filtration system or a landscaper, one visit to www.katypros.com can refer you to the right person for the job and you can be rest assured that the Katy Pros team has interviewed and pre-qualified them according to their own strict standards.

Not just anyone gets to be a Katy Pros member. References are checked and rechecked. Local business bureau reviews are conducted and any consumer complaints are taken seriously. Only those providers with a sterling service record are invited to become Katy Pros professionals.

The typical Katy Pros member is based right here in Katy serving the greater Katy area. You'll feel better knowing you're dealing with someone who has a stake in the community—someone who lives here, goes to church here, sends their children to school here.

They say the best testimony is a satisfied customer. Satisfaction is what brings Katy homeowners back again and again to Katy Pros. It's why home owners who've used Katy Pros to locate a reliable carpet cleaning service are quick to come back when they need a home theatre system or lawn care service. Families who located their homebuilder on the Katy Pros site know just where to go, when they're ready for an interior designer. Homeowners who've had success finding a dependable home mortgage service and realtor on katypros.com rush back when it's time to schedule the movers.

Jim Klauck and the team at Katy Pros have taken the guess work out of finding companies you can hire with confidence. As Katy residents themselves they understand how rapidly this area is growing. It's estimated that the population will double in the next eight to ten years. Life is getting faster. Katy residents have more on our plates than ever before. The Katy Pros team understands that you don't have time to mess around with a disreputable roofer, handyman or pet sitter. With their help you don't have to.

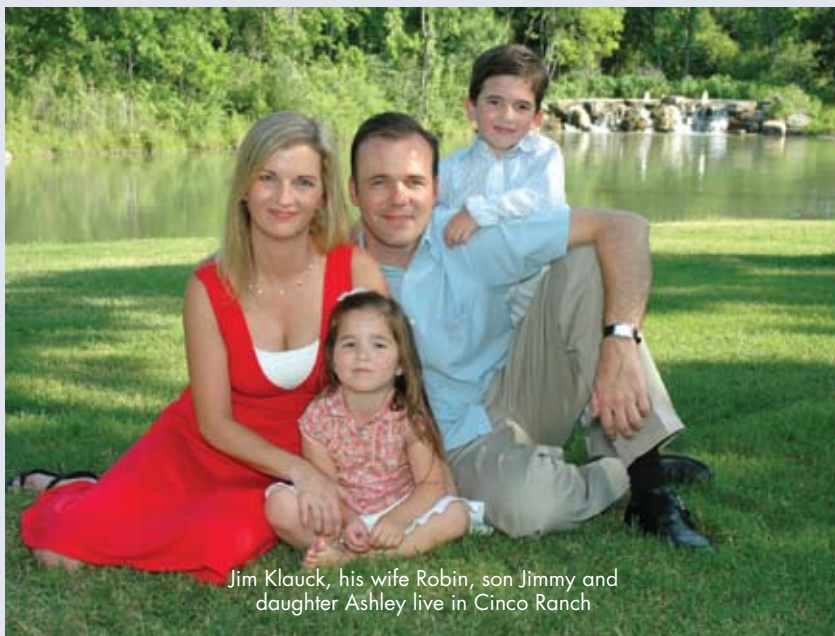

So how do you go about finding a travel agent, an appliance repairman, general contractor, personal trainer or orthodontist? Do you ask around the neighborhood, the office or church? Do you open the Yellow Pages and play Eenie Meenie Minie Mo? Well, not any more. Whether you need an exterminator, a veterinarian or an attorney, you never have to take a stab in the dark again. Whether you want to retile the kitchen, hire a housekeeper, have a tree removed, throw a party or enjoy a really great massage, Katy Pros can refer you to one of 106 local, hand-picked Katy Pros professionals you can trust.

Don't settle for questionable professionals. Ask service providers if they have been 'checked out' by Katy Pros. Look for the Katy Pros check mark on their credentials to ensure they are a pre-qualified service provider.

Give Katy Pros a call today at **281-398-PROS (7767)** or visit them on the Web at www.katypros.com and let them take the guess work out of hiring a professional. Unlike other online referral sites, Katy Pros does not charge the homeowner for locating a pre-qualified service provider. You'll wonder how you ever got along without them.
