

"Your Local Source for Pre-Qualified Contractors in Cy-Fair, Katy, Memorial, Sugar Land, The Woodlands and Greater Houston."

CALLING ALL REALTORS!

Check A Pro is a website where Realtors refer their clients and prospects to find pre-qualified service providers for their home such as electricians and plumbers.

Before a service provider can be on our website they must successfully pass our pre-qualification checklist.

Only then can they be on the Check A Pro website. They also have to stay clean to remain a part of us.

Consumers feel comfortable choosing a service provider from Check A Pro because we have already checked them out.

Check A Pro is great for Realtors as they can confidently refer their clients and prospects to us to help them find trusted service providers.

It takes away the liability for the Realtor and passes the responsibility to Check A Pro.
